

Save the Kimberley

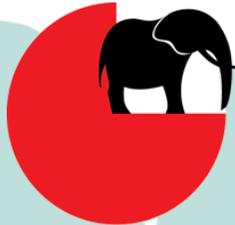

educates the Australian and international community about the threat to the Kimberley Coast and its inland wilderness areas posed by large-scale industrial developments.

- www.savethekimberley.com

The ivory

campaign calls on world governments to make the illicit ivory trade and wildlife crime a priority issue, to make a financial commitment to security enforcement and to impose a complete ban on all ivory sales.

“ Yesterday I was clever, so I wanted to change the world. Today I am wise, so I am changing myself ”

— Rumi

What You Can Do

Feeling inspired?

The TeFF team has compiled a list of established and reputable organisations that can help you channel that energy.

“ The world as we have created it is a process of our thinking. It cannot be changed without changing our thinking ”

— Albert Einstein

2015 TASMANIAN
ECO FILM FEST

350.org works in almost every country in the world on campaigns like fighting coal power plants in India, stopping the Keystone XL pipeline in the U.S, and divesting public institutions everywhere from fossil fuels. All of their work leverages people power to dismantle the influence and infrastructure of the fossil fuel industry and to develop people-centric solutions to the climate crisis

- www.350.org

The Good Life Permaculture team are Tasmania's urban and small farm permaculture design specialists, offering design solutions for a range of contexts and budgets. They create permaculture designs for people's homes, community spaces, schools systems and more. Short courses offered in 2016 include fermentation, permaculture design, market gardening, small-scale beekeeping and edible forest garden design.

Sustainable Living Tasmania is a group of practical, positive, realistic and informed people with the same goal: to live in vibrant, healthy communities that are prepared for the challenges of the future.

SLT has been around more than forty years getting on with the job of helping people in the community live in a way that costs less, is healthier, more enjoyable and ensures future generations can enjoy a great quality of life too. A great source of information and ongoing projects
